

BRED HEIFERS FOR SALE

We will have a group of 31 commercial Angus heifers consigned to the December 8, 2015 sale at Stockmen's Livestock in Dickinson, ND. These heifers are all home raised and are all confirmed AI bred for a due date of March 1, 2016 to SAT Revival 210, the Regis son we raised that now resides at Select Sires. The heifers will sell in two groups, 19 head that will be having bull calves and 12 head that will be having heifer calves. Please call for more details.

SAT REVIVAL
Service sire of commercial heifers.

TALKINGTON ANGUS RANCH

Dear Fellow Cattlemen,

Thank you for your interest in Talkington Angus Ranch and for your past support. We would like to take this opportunity to invite you to take a look at this preview of what we feel, is the strongest set of bulls we have offered to date. We encourage you to stop by and look at the bulls, their dams, and their heifer mates before our February 12, 2016 sale.

This year's offering of 40 yearling Angus bulls will be headlined by an exciting set of sire groups, including customer favorite for the last two years, Connealy Capitalist. The largest sire group will be sired by the outcross calving ease bull Soo Line Motive. Two new sire groups that we will be introducing are the first calves by SAT Revival, the Regis son that we raised that now resides at Select Sires, and secondly, the high growth, high marbling Ellingson True Grit. We feel this set of reference sires is a true testament to the vision of our program. We feel these bulls that we have used are backed by great females and will produce the kind of bulls that will help our customers create calves that will not only make highly functional females that will last, but also will generate profitable steers.

As you study the data we have provided, you may notice as you look at the weaning ratios, that there are two contemporary groups. This year we submitted the 2 year olds separately from the mature cows. We have always believed this is the correct way to submit the data and it provides the most highly accurate EPD's and ratios, but we have not done it this way due to the amount of registered cattle we were running. We now feel our herd size can support two contemporary groups and still provide meaningful data.

If you can't make it out to look through the bulls, we will have videos of all the bulls on our website, www.talkingtonangusranch.com, in mid-January.

Sincerely,
Shane, Amanda, Abby, Hadley, and Cade Talkington

REFERENCE SIRES

CONNELLY CAPITALIST 028

REG: AAA 16752262

BW: -.2 WW: +66 YW: +112 MILK: +13
MARB: +.50 RE: +1.02 \$W: +63.24 \$B: +100.34

Capitalist progeny excel for mass, muscle, and base width, especially when you consider his level of calving ease. His progeny are thick made and attractive. We calved our first set of Capitalist daughters this past spring and they did not disappoint. His daughters are broody young cows with massive rib and well-attached udders with small teats.

SAT REVIVAL 210

REG: AAA 17329930

BW: -1.0 WW: +68 YW: +110 MILK: +20
MARB: +.25 RE: +.81 \$W: +82.38 \$B: +111.07

The first calf crop by Revival has exceeded expectations. Revival's initial set of progeny has solidified the fact that he is a consistent calving ease bull. The Revival calves grow with the best of them and are high capacity cattle. Revival's dam is a perfect uddered cow with good feet and is moderate in her size. She records progeny ratios of 4@91 for birth weight and 4@104 for weaning weight.

SOO LINE MOTIVE 9016

REG: AAA 16568189

BW: +.2 WW: +51 YW: +90 MILK: +26
MARB: +.53 RE: +.60 \$W: +53.92 \$B: +96.62

Soo Line Motive is proving himself to be the outcross sire we were looking for. The Motive progeny are well made and extremely nice fronted with the breed character we admire. He possesses the kind of muscle pattern that is rare for a bull with a birth weight as low as his. His daughters are uniform, correct, broody, and stand on excellent feet. Motive's dam is a model Angus cow with a perfect udder, moderate frame, and impressive breed character.

ELLINGSON TRUE GRIT 3181

REG: AAA 17617293

BW: +2.9 WW: +65 YW: +115 MILK: +21
MARB: +.94 RE: +.49 \$W: +62.60 \$B: +155.83

True Grit was our selection at the 2014 Ellingson Angus Sale. True Grit's dam is a powerful cow who is well proven. Maternal siblings to True Grit include the Genex sire Dominance and the high selling female at the 2015 Ellingson sale. True Grit provides a high growth, outcross option for our herd. He also does not sacrifice carcass quality as he was the high IMF bull of his calf crop.
