## *Yellow Cattlemen,*

Welcome to the Talkington Angus Ranch February 11, 2022, sale preview and thank you for your interest. As we prepare for our 11<sup>th</sup> annual bull sale, we would like to express our gratitude to all our customers that enable us to continue to do what we love for a living. We are once again excited about the group of bulls we are offering this year. We feel it is a nice mix of past **customer favorites** like Tahoe, Rainfall, and Bravo, **and new genetics** for us and our customers in Deer Valley Unique and our herdsire Coleman Resource 918.

For those of you knew to our operation, **our herd is backed by a maternally oriented, balanced-trait philosophy.** Our cows are bred and managed to be efficient forage converters, easy fleshing, and fertile. They are challenged to become **pregnant in a 45-day window with no excuses and no second chances.** The cows must possess **good feet, great udders, and superb dispositions.**

We would love to give you a tour and show you the bulls and their dams. These bulls are stout, thick, rugged, and sound. We offer a **full 1st breeding season guarantee** on the bulls and they are freeze branded for permanent identification. The bulls have an **Angus GS genomic profile** to increase accuracy of EPD's and have been **parent verified** through DNA so you can be confident every bull is who he is supposed to be.

We invite you to follow us on Facebook at Talkington Angus Ranch, or watch our website [www.talkingtonangusranch.com](http://www.talkingtonangusranch.com), for all updates, pictures, and videos as they become available.
