## *Yellow Cattlemen,*

Welcome to the Talkington Angus Ranch, February 10, 2023 sale preview and thank you for your interest. As we prepare for our 12th annual bull sale, we would like to express our gratitude to all our customers that enable us to continue to do what we love for a living. We are once again excited about the group of bulls we are offering this year. We are thrilled to be offering many bulls that will provide new and different genetics for our customers that will be complimentary to what we have been using years past. Our offering will be headlined by what we feel are three highly proven, great maternal bulls in Renovation, Coalition, and Stellar. There will also be progeny out of two up and coming young sires destined for greatness in Wolverine and Intuition.

For those of you knew to our operation, our herd is backed by a maternally oriented, balanced trait philosophy. Our cows are bred and managed to be efficient forage converters, easy fleshing, and fertile. They are challenged to become pregnant in a 45-day window with no excuses and no second chances. The cows must possess good feet, great udders, and superb dispositions.

We would love to give you a tour and show you the bulls and their dams. These bulls are stout, thick, rugged, and sound. We offer a full 1st breeding season guarantee on the bulls and they are freeze branded for permanent identification. The bulls have an Angus GS genomic profile to increase accuracy of EPD's and have been parent verified through DNA so you can be confident every bull is who he is supposed to be.

We invite you to follow us on Facebook at Talkington Angus Ranch or watch our website [www.talkingtonangusranch.com](http://www.talkingtonangusranch.com), for all updates, pictures, and videos as they become available.

If you are not currently on our mailing list and would like to receive a catalog, please call, text, or email.

Wishing you a Happy New Year,

*Shane, Amanda, Abby, Hadley, and Cade Talkington*
