WELCOME to the Badlands Angus Alliance Bull & Bred Female Sale. This is not only a partnership between Strommen Ranch, Talkington Angus Ranch, and Best Angus it is also a partnership with all of our current and future customers. With our combined resources and marketing assistance from our partners at Stockmen's Livestock Exchange in Dickinson, ND, we are committed to helping our customers add value to their females and continuing the Badlands Angus Alliance sale as the PREMIER SOURCE for bred females in western North Dakota.

This sale features 550 elite, source and genetic-verified bred females from our respective programs and from our commercial customers. We are proud of the exceptional herds our customers are building and we are excited to help them market their top females through this sale. They are influenced by and bred to Best, Strommen or Talkington seedstock.

These bred females are the type and kind you can use to build a profitable, sustainable herd for generations. They are bred to be easy-fleshing cattle that are productive on minimal inputs, with enough emotional intelligence to be handled with minimal labor, and enough survival instinct to get out and forage, nurture their calves and bring in pounds at weaning.

Many of them are AI-bred to proven, calving-ease sires with a tight calving window, and have been ultrasounded for calving dates. This year's consignments offer a variety of calving start dates. They are all source and genetic-verified and bred to known calving-ease genetics. A full ranch and production history on each consignment is included in the heifer listings.

The coming-2-year-old ANGUS bulls are thick, stout, rugged, fully guaranteed and will be ready for service in big country. They were retained specifically for this sale. We are excited to offer these bulls as it gives us a chance to see our genetics as they age and develop. These bulls have been slowly developed with soundness and longevity in mind, with an optimum gain, not an excessive gain. Our ultimate goal is to have the bulls range-ready, sound-footed and ready to go to work for you!

SALE ORDER - Bulls will sell first, followed by the commercial bred heifers

VIDEOS - Videos of the bulls and bred females will be available on www.DVAuction.com

TERMS AND CONDITIONS - Bulls sell under the standard terms and conditions of the American Angus Association. Terms of the sale are cash. Full payment is due on sale day. For purchases made through DVAuction, please remit payment directly to Stockmen's West, PO Box 1348, Dickinson, ND 58602. All cattle must be paid for prior to release from Stockmen's Livestock. Any cattle remaining after two days from the sale will be charged $5 per head per day for feed.

ANNOUNCEMENTS - Announcements made from the block on sale day will supersede the information printed in this book.

BULL DEVELOPMENT - These bulls have been handled correctly and developed without ANY creep. They have been fed just enough to express genetic differences, but not overfed as to compromise soundness or longevity. We want you to have a bull that will do his job and last for years.

SALE TIME - The sale starts at 12 p.m. MST.

EPDS - EPDs are current as of 11/5/2026.

BULL DELIVERY - We will offer free delivery on the bulls within 500 miles of Dickinson, ND. Deliveries will begin immediately following the sale.

FEMALE DELIVERY - We will not deliver the females, but can assist in lining up trucking. Please contact us or Stockmen's West to make arrangements.

HEALTH - All bulls have been on a complete health program as prescribed by our respective veterinarians. Specific health information on the commercial bred heifers is presented in their individual write-ups.

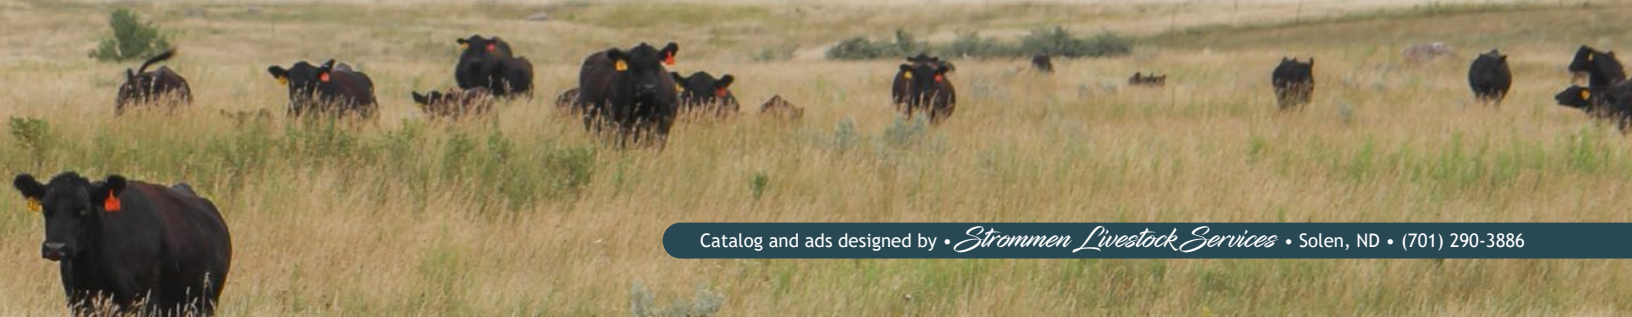

FERTILITY - All bulls have passed a fertility exam performed by Dr. J.J. Hovde for the Best Angus bulls, Dr. Pat Bierman for the Strommen bulls and Dr. Chance Noyce for the Talkington bulls.

SIGHT UNSEEN PURCHASES - If you, for some reason, are unable to attend the sale, but wish to place a bid, feel free to call us and we will handle your bid as if you were here. If you wish to be on the phone during the sale, we will try to accommodate your request. Please let us know in advance so arrangements can be made. All sight unseen bull purchases are fully guaranteed, when you talk to the owner prior to the sale.

GUARANTEE - The bulls are fully guaranteed for one breeding season. We understand that these are animals and that injuries do occur, but we have the utmost confidence that we have developed these bulls in the best way to protect your investment. If an injury or death occurs, the ranch of origin will guarantee them for the purchase price minus salvage value ($3,500).

LIABILITY - Anyone attending this sale does so at their own risk. Neither the owners nor anyone connected to this sale, assumes any liability, legal or otherwise.

WATCH & BID ONLINE - Videos of the bulls and heifers are available at www.dvauction.com. Bid online via DVAuction, too!

We're excited to once again join our friends at Talkington Angus, Best Angus, Stockmen's Livestock Exchange and our valued commercial customers for the Badlands Angus Alliance Bull & Bred Female Sale.

Our vision goes beyond breeding cattle. We want to help our commercial customers build a reputation for the quality of females they're raising and establish a dependable market for their hard work. Several of our customers have developed markets for their bred females right off the ranch—a success we're especially proud to see. Our goal remains to make the Badlands Angus Alliance THE place to find quality commercial bred Angus females in western North Dakota.

At Strommen Ranch, our Maternal POWER® philosophy is built around fertile, functional, easy-fleshing cattle that do more with less – cows that calve unassisted, raise good calves on mother's milk and grass, maintain their condition and breed back early in the breeding season to maintain a 365-day calving interval.

The coming two-year-old bulls we're bringing to Dickinson embody that philosophy—rugged, sound, and backed by generations of Maternal POWER®. We believe good genetics should be backed by honest information, dependable service and a commitment to our customers long after the sale.

We're grateful to our Alliance partners and customers for the trust, hard work and shared commitment that make this sale possible.

We invite you to join us December 2, 2026, at Stockmen's West in Dickinson, for approximately 550 commercial bred Angus females and 60 coming two-year-old Angus bulls. We also look forward to welcoming you to our ranch February 20, 2027, for our annual Maternal POWER® Angus Bull & Female Sale.

Thank you for your friendship and continued support. We look forward to visiting!

BW	WWR	YWR	CE	BW	WW	YW	Milk
77	114	113	5	1.3	61	110	25

Recommended for use on heifers or cows. An excellent bull to lead off our sale group this year. The first calf out of a beautiful Territory daughter that scores high with a near-perfect udder and disposition. He logged a 114 WWR and kept going for a 113 YWR. Great disposition in this near-perfect-footed Rainfall son.

S R POLLY 804 • Maternal Granddam of Lot 1

S R POLLY 7110 • Maternal Sister to the Dam of Lot 1

This Badger son had an individual WR of 108 out of a productive Rainmaker 4404 cow that has a good udder and excellent disposition with near-perfect feet. The O Lass cow family brings power and performance consistently in their progeny.

A 3/4 brother to Lot 3.

BUILDING DEMAND FOR *your* HEIFERS

We are proud of the herds our customers are developing with Strommen Ranch, Talkington Angus and Best Angus genetics and that is why **we strive to help our customers capture additional value for their females** through the Badlands Angus Alliance, where our collective customers have marketed nearly 4,000 bred females since 2018. Many of those heifers have commanded a $200 to $500 per head premium over other bred heifer sales in the region!

The Badlands Angus Alliance continues to be the **premier sale in Western North Dakota for source and genetic verified Angus replacement females.** It demonstrates the strong demand we've helped build for genetically sourced cattle of maternal pedigree.

Welcome to the 2026 Badlands Angus Alliance Bull and Bred Female Sale. We are honored to continue this one-of-a-kind sale with our partners and friends, Strommen Ranch and Best Angus, all the reputation cattlemen who consign top quality heifers, and the crew at Stockmen's Livestock Exchange. We continue to be dedicated to making this sale the premier source for genetic and source verified, maternally bred commercial Angus females in the region.

Talkington Angus Ranch is located on the edge of the Badlands between Belfield and Medora. We are the fourth generation, and our children are the fifth to ranch in this location in the 120-year history of our family operation. Our goal continues to be to focus on balanced trait, maternally oriented cattle. We continue to stay the course and not chase trends, extremes, or the next hot thing. Every decision we make is with our commercial customer's profitability in mind. We believe fertility and longevity are the most important traits that lead to profitability. Right now, every calf is worth a lot of money, but what sets the most profitable operations apart is cows that breed early, year after year, and last for years. Structural soundness, fleshing ability, foot quality, udder quality, and good dispositions all play into this philosophy, and are a requirement at our operation. We strive to raise cattle that fit our environment and our customer's, moderate females that can thrive in rugged terrain and arid climate.

This sale will be the only opportunity to purchase coming 2-year-old Talkington bulls. These 25 bulls have been developed specifically for the Badlands Angus Alliance sale with fertility and longevity as the goal. These bulls have never been pushed hard. Last winter they were backgrounded at a rate of 2.5lb/day gain and then ran on pasture from June 1st until September 10th, before being brought back into the feedlot. These bulls have all been parent verified to ensure that the genetics you are investing in are correct. Please feel free to contact us with any questions or requests for further information. We always welcome visitors if you wish to stop by and see the bulls and their dams.

BW	WWR	YWR	CE	BW	WW	YW	Milk
88	100	99	0	2.8	64	112	22

Dam has a WW ratio of 4/100. His great grand dam is still here as a coming 12-year-old.

We are so grateful to be a part of this Alliance that is turning into the premier commercial female sale in North Dakota. Stommens and Talkingtons are great partners with very similar philosophies to our own. I am extremely proud of the heifers that the consigners brought to Dickinson the last few years. More importantly, the feed-back from the buyers has been excellent. I expect nothing less from this year's offering as well. Our goal of helping our customers realize the value they deserve for raising superior Angus females, continues to gain momentum.

We ranch in the North Dakota badlands southeast of Watford City in some of the most rugged terrain in the region. We are committed to producing cattle that thrive under harsh conditions. Ranching is full of challenges, which is why we believe it is better for us to design cattle that will be profitable working in harmony with nature instead of a constant struggle against mother nature. Cattle designed to be profitable require less labor inputs since they can maintain their body condition and breed back on poor quality stockpiled forage. They can do this since they are deep ribbed, wide made and poses genetic fertility. They have sound udders, feet and legs allowing them to forage and care for their calves without extra assistance from management. Disposition and intelligence are extremely important traits for reducing labor requirements as well. We can't forget the most important profitability trait of them all, fertility. Just to make things a little harder, we need to make sure these cattle will be profitable to all segments of the beef industry. They need to gain, have excellent feed efficiency and strong carcass traits. Talk about a challenge, but this is what makes breeding cattle so much fun!

The bulls are all virgin two-year olds that were retained specifically for this sale.

We are a family operation, and I would like to thank all of the family and friends that help us keep Best Angus running. We could not do what we do without our customers' support over the years. We hope to see you all in Dickinson, but if you are unable to attend please contact me and I will gladly help you select an Angus bull that will fit your environment.

Dam is a very docile easy fleshing cow.

Commercial BRED FEMALES

These bred females are the type and kind you can use to build a profitable, sustainable herd for generations. They are bred to be easy-fleshing cattle that are productive on minimal inputs, with enough emotional intelligence to be handled with minimal labor, and enough survival instinct to get out and forage, nurture their calves and bring in pounds at weaning. Many of them are carrying A.I. calves from proven calving-ease sires for a short calving period. This year's consignments offer a variety of calving start dates, including March, April and May. They have been ultrasounded for calving dates, sorted for quality and disposition, source verified and bred to known calving-ease genetics. Sale order will be determined by Stockmen's Livestock, as they are managing this portion of the sale.

If you have cattle out of and bred to Talkington, Strommen or Best bulls and you'd like to consign bred heifers in 2027, please contact us!

DUSTIN HUESKE, RICHARDTON, ND

30 AI-BRED HEIFERS, DUE MARCH 10TH
20 BRED HEIFERS, DUE APRIL 1ST FOR 14 DAYS

Contact: **DUSTIN & COLEY HUESKE • (701) 290-3448**

SAT WOLVERINE 916

Repeat consignors Dustin & Coley Hueske of Richardton, ND have built a reputation for their heifer development based on high customer satisfaction. The heifers they are bringing are a combination of their own home-raised heifers, and heifers originating from the Tim & Garrett Meyer herd. Both are reputation herds that dedicate a lot of time and resources into their genetic programs.

Hueskes and Meyers both implement wide scale AI programs and purchase front end bulls wherever they buy from. These heifers have been heavily influenced by genetics such as Tahoe, Resource, Rainfall, and Stellar. The AI-bred heifers are bred to SAT Wolverine 916 and the bull breds are bred to sons of Authority and Klondike from Talkington Angus Ranch.

These heifers were AI'd to SAT Wolverine and pregnancy ultrasounded for calving date by Dr. Chance Noyce of Circle C Vet Clinic. They will weigh approximately 1050 lbs. by sale day and have had a full health and mineral program, including Vira Shield® 6 + VL5. They've been poured with Clean-Up™ II and drenched with Safe-Guard®.

WARREN WORONIECKI, HEBRON, ND

100 AI-BRED F1 BALDY HEIFERS, DUE MARCH 21ST
25 AI-BRED HEIFERS, DUE MARCH 14TH

Contact: **WARREN & JODIE WORONIECKI • (701) 290-5689**

E&B ESSENTIAL

Repeat consignors, Warren & Jodie Woroniecki ranch north of Hebron and focus on raising highly fertile females that thrive on an all-forage diet with minimal inputs. Their females must be good mothers and rebreed promptly. They select for moderate frame genetics with higher marbling and good growth. Their AI bred females often wean off 60% of their body at 6 months of calf age. Woroniecki's feeder cattle are highly sought after and always top the market.

These heifers are all AI-bred to E&B Essential. The 25 black heifers were raised by the Kelly Unruh family. These heifers were the high selling heifers at last years Badlands Angus Alliance Replacement Heifer Sale. Unruh's are one of the true reputation herds in the region and one of the best commercial herds that I have the honor to work with. The 100 F1 baldy heifers are out of Woroniecki family Hereford cows and have been heavily influenced by Talkington and Best Angus bulls. Every heifer has been pelvic measured to ensure minimal calving difficulty, if they aren't big enough, they don't breed them.

These heifers will weigh approximately 1000 lbs. on sale day and have been pregnancy ultasounded by Dr. Travis Kuhlka for calving date. These heifers are on a full health and mineral program. They have received two rounds of Bovi-Shield Gold FP® 5 VL5, Pinkeye vaccine, drenched with Safe-Guard®, and poured with Clean-Up™ II.

LANCE ROSSOW, FLASHER, ND

15 AI-BRED HEIFERS, DUE MARCH 24
9 BRED HEIFERS, DUE APRIL 2 FOR 30 DAYS

Contact: **LANCE & ASHLEY ROSSOW • (701) 527-7323**

Repeat consignors Lance and Ashley Rossow are bringing a nice group of heifers purchased through the Badlands Angus Alliance Replacement Heifer Calf Special from Tim and Garrett Meyer of Richardton. This set of heifers will be sired by sons of Badlands, Rainfall, Roughrider and Grand Canyon. The Meyer heifers have been well-received at the Badlands Angus sales.

The group of AI-bred heifers were AI'd to Easy Street. Easy Street is an excellent calving-ease sire that has seen large-scale use in heifer projects with great success and high customer satisfaction. The bull-breds are bred to Strommen Ranch sons of Revolver and Epitome. These heifers are gentle, cake-broke and have been worked with dogs. Lance and Ashley spend a lot of time with their cow herd and have a top-tier heifer development program.

They are on a full mineral program and received Vira Shield® 6 + VL5 and were poured with Dectomax®. They were ultrasounded by Dr. Shaun Bousis and are estimated to weigh 1,050 lbs on sale day.

SAV EASY STREET 2289

SAV RAINFALL 6846

SORENSON RANCH, WATFORD CITY, ND

100 BRED HEIFERS, DUE MARCH 18TH FOR 21 DAYS

Contact: **JARVIS & KADIE SORENSON • (701) 570-6680**

Sorenson's ranch was established in 1906 and they represent the 4th and 5th generations ranching in McKenzie County. Jarvis and his family focus on raising cattle that do well in the Badlands and thrive on tame grass. Jarvis has a great eye for cattle and buys a lot of calves and bred females for producers throughout ND and MT. These deep-ribbed, feminine, no-brand heifers are raised from the heart of their herd. Sorensons have been long-term customers of Talkingtons, Bests, and Stommens. The heifers are bred to very maternal Forever ½ brothers from Best Angus. Their cow herd would be influenced most recently by a strong influence of Alliance, EXT, Payweight and Resource.

They were vaccinated and boosted prior to breeding with PregGuard®. The heifers have been given Vira Shield® and poured with Dectomax®. They were ultrasounded by Dr. Gary Schieber of High Plains Vet Clinic.

BEST FOREVER 525

JORDAN BRAAFLAT, PLAZA, ND

12 AI-BRED HEIFERS, DUE APRIL 1ST

Contact: **JORDAN & HEATHER BRAAFLAT • (701) 898-1264**

Repeat consignors Jordan and Heather Braaflat always bring a sought-after group of home-raised, AI-bred heifers to the sale. These heifers will be gentle, cake-broke, and freeze branded.

The Braaflats have been long time Talkington customers and their cowherd is influenced in recent years by AI sires such as Easy Decision and Tahoe and front end Talkington bulls sired by Renovation, Big Country, and Mustang.

These heifers were AI'd to SAT Outlaw 597, our 2nd high selling bull from our February sale going to Select Sires. These heifers were pregnancy ultrasounded by Dr. Carin Frenchick of the Minot Vet Clinic. These heifers will weigh approximately 1100 lbs. on sale day and have a full herd health and mineral program. They were drenched with Safe-Guard®, poured with Clean-Up™ II, and vaccinated with CattleMaster® 4 + VL5.

SAT OUTLAW 597

COLEMAN EASY DECISION 1539

SCOTT CYMBALUK, BELFIELD, ND

15 BRED HEIFERS, DUE MARCH 11TH FOR 10 DAYS

Contact: **SCOTT, ANJI, & BRADIE CYMBALUK • (701) 260-1174**

Repeat consignors Scott & Anji Cymbaluk, along with their son Bradie are the 3rd and 4th generation to ranch north of Belfield. Their cows run in rugged Badlands, just north of Talkington's. These home-raised heifers are easy-fleshing, gentle and cake broke.

These heifers are bred to sons of Charlo and Bravo 063 from Talkington's. Cymbaluk's have been long time Talkington Angus customers. In recent years the cow herd has been heavily influenced by sons of Wolverine, Renovation, Rainfall, Essential, and Easy Decision. Cymbaluks have developed a herd that is very easy fleshing and extremely fertile.

These heifers were ultrasounded for calving date by Dr. Chandy Olson and will weigh approximately 1100 lbs. on sale day. They have been on a full herd health and mineral program. They have been poured with Cydectin® and vaccinated with Guardian® and Vista® 5 VL5.

COLEMAN CHARLO 0256

SAT BRAVO 063

TACHENKO RANCH, GRASSY BUTTE, ND

30 BRED F1 BALDY HEIFERS, DUE MARCH 24TH FOR 21 DAYS
11 BRED F1 BALDY HEIFERS, DUE APRIL 14TH FOR 21 DAYS

Contact: **KEITH AND ANGI HOWE • (701) 575-2020**

Repeat consignors from the M Lazy T Tachenko Ranch south of Grassy Butte, Keith and Angi Howe are the 4th generation to continue the tradition of running Hereford cattle. Their cow herd is all Hereford, so none of these home-raised F1 Baldies will be held back. The top end will be coming to the Badlands Angus Alliance Sale. These heifers are gentle and cake broke.

These heifers are bred to sons of E&B Essential and Easy Decision from Talkington Angus ranch. These heifers are sired by Talkington Angus bulls out of Hereford cows. The Angus bulls represented from Talkington's in this group of heifers include sons of Innovation, Motive, and Wolverine.

These heifers will weigh approximately 1050 lbs. on sale day and have been pregnancy ultrasounded by Dr. Chance Noyce of Circle C Vet Clinic. They have a full herd health and mineral program. These heifers are vaccinated with PregGuard® Gold FP 10, drenched with Safe-Guard®, and poured with Ivermectin.

E&B ESSENTIAL

COLEMAN EASY DECISION 1539

ROLFSRUD RANCH, KEENE, ND

40 AI BRED HEIFERS, DUE MARCH 5TH TO MARCH 12TH

Contact: **COLE ROLFSRUD • (701) 421-7361**

Contact: **TY ROLFSRUD • (701) 421-0162**

First time consignors Cole and Ty Rolfsrud of Keene, ND are bringing a nice set of AI-bred, home-raised, cake-broke heifers to the Badlands Angus Alliance Sale. These heifers were synchronized and bred for a week in early June to SAT Wolverine 916.

Rolfsrud's have been long time Best customers using sons of sires such as Payweight, Rainfall, Packer, Protégé, and Tribute, and more recently Talkington and Strommen customers, incorporating sons of Intuition, Territory, True Grit and Firesteel.

These heifers were pregnancy ultrasounded for calving date by Dr. JJ Hovde and will weigh approximately 1100 lbs. by sale day. They have been on a full herd health and mineral program, drenched with Safe-Guard®, pored with Clean-Up™ II, and have been vaccinated with two rounds of Bovi-Shield Gold FP® 5 VL5.

SAT WOLVERINE 916

SAV RAINFALL 6846

H9 JED & BECKY BOLTZ RANCH, GRASSY BUTTE ND

33 AI-BRED F1 BALDY HEIFERS, DUE MARCH 10
26 BRED F1 BALDY HEIFERS, DUE MARCH 30TH FOR 40 DAYS

Contact: **JED AND BECKY BOLTZ • (701) 590-1560**

This is the third-year consigning for the Boltz family. This is certainly a reputation herd in western ND. In recent years they used sons of SAV Renown and Resource. The cow herd history is made up of bulls by Cole Creek Black Cedar, OCC Great Plains, OCC Missing Link, HBR Encore 4161. The heifers are all home raised. The baldies are sired by Hereford bulls from Carmichael Herefords from Meadow SD and Van Newkirk from Oshkosk Nebraska, and 4 UP Herefords. The heifers are AI'd to SAT Wolverine. They were cleaned up by a Packer son from Best Angus, a 3-year-old Best Winchester 379 and Talkington Easy Decision.

The health program given at PG was Vira Shield® 6 + VL5, Safe-Guard®, Clean-Up™ II, and Anthrax vaccine. Ultrasounded by Schaper Vet. Clinic.

SAT WOLVERINE 916

BEST WINCHESTER 379

H10 DARREN BASARABA, DODGE, ND

10 BRED HEIFERS, DUE APRIL 1ST FOR 40 DAYS

Contact: **DARREN BASARABA • (701) 690-3979**

First time consignor Darren Basaraba is bringing a nice set of home raised heifers to the Badlands Angus Alliance Sale. Darren's family has been long-time Talkington customers and Darren's herd, located south of Dodge ND, has been heavily influenced by Talkington genetics in recent years.

These heifers are all sired by either a Wolverine or Essential son from Talkington's, and are all bred to a Klondike son from Talkington's. This cake-broke group of heifers is due April 1st for 40 days. Individual information will be available on sale day, with individual calving date and pedigree information. Feel free to call ahead of time to get that information.

They were ultasounded for pregnancy and calving date by Dr. Mary LeMieux of Badlands Veterinary Service. These heifers have had a full health and mineral program, including Express® FP 5-VL5 HB, Fusoguard™, and dewormed with Synanthic®.

Contact: **SHANE, AMANDA, ABBY, HADLEY, & CADE TALKINGTON • (701) 290-7222**

These heifers are all home-raised from Talkington Angus Ranch. Both the commercial and registered herds are represented in this group. The first group listed is 23 registered heifers selling as commercial heifers. For $300/head, the option is available to transfer the registration papers at buyer's request. Registration numbers and individual due dates will be available on sale day, or by request. The second group listed is 11 commercial heifers out of our commercial herd. The third group is a combination of commercial and registered heifers, that will all sell as commercial heifers

These heifers are bred to sons of Coleman Resource 708, E&B Essential, SAV Territory, and a grandson of HA Image Maker.

These heifers have been pregnancy ultrasounded for calving date and calf sex by Dr. Chandy Olson. They are cake broke and will weigh approximately 1050-1100 lbs. on sale day. They have been on a full herd health and mineral program. They have been drenched with Safe-Guard®, poured with Clean-Up™ II, and vaccinated with Vista® 5 VL5.

DVAuction
Broadcasting Real-Time Auctions

Can't make the sale? Bid from home with DV Auction's "real-time" internet bidding service! Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab.
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction - a DV representative will notify you when you are approved.
3. Tune in for the sale and make your purchases!

After the sale, contact Aaron, Pete or Shane to arrange transportation. High speed internet is required for successful bidding – be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding: If you can't make time to watch the sale, register a proxy bid and DVAuction represent your bid while you're away. Look for the "proxy bid" tab on the auction listing and fill in your maximum bids. They'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. DVAuction support can always be reached at (402) 474-5557.

ST TALKINGTON ANGUS RANCH

CALVING-EASE BULLS

FOR YOUR NEXT HEIFER PROJECT!

Wolverine

SAT Wolverine 916 • Reg #: 19544206 • The Wolverine progeny are moderate, stout, good footed, loaded with breed character, and have plenty of substance for a bull with his level of calving ease. His daughters in production are proving to have tremendous udder quality as they enter their prime. His high volume, easy fleshing Pathfinder® dam possesses impeccable foot quality and owns a BW ratio of 8/96 and a WW ratio of 8/105. Wolverine has become a go to for breeding virgin heifers nationwide as he has ascended to near the top of Select Sires semen sales the past 4 years.

Contact Select Sires or Talkington Angus Ranch for semen.

Charger

SAT Charger 5410 • Reg #: 21392365 • Charger was our high selling bull from our February 2026 sale. We have never raised a bull before that combines his level of calving ease with the performance, muscle shape, and thickness that he displays. Charger is bred to produce moderate, easy fleshing, low input, efficient daughters. He is a full brother to the $410,000 valued Coleman Donna 7386, the dam of the extremely popular Coleman Easy Decision 1539. His donor dam owns a BW ratio of 8/91 and a WW ratio of 8/107. Charger was heavily sampled this spring in AI projects and settled cows extremely well.

Contact Talkington Angus Ranch or Richard Angus Ranch for semen.

Outlaw

SAT Outlaw 597 • Reg #: 21381344 • Outlaw was our 2nd high selling bull from our February 2026 sale, selling to Select Sires. Outlaw is an outcross pedigree for most of our customers being an Authority x Stellar. He is moderate framed, full of breed character, and extremely sound in his structure. His dam is a tremendous young cow with an exceptional udder and she might be the easiest fleshing cow in our herd, while possessing a WW ratio of 3/105. Outlaw was heavily sampled this spring in AI projects and settled cows extremely well.

Contact Select Sires or Talkington Angus Ranch for semen.

Best Angus Calving-Ease Bulls

FOR YOUR NEXT HEIFER PROJECT!

Angus Alliance Winchester 975 • Reg# 16533253 After using Winchester for a season and being thoroughly impressed, we purchased a semen interest in Winchester. We have used him mainly for breeding heifers for the past five years. The calves come easy with excellent vigor. He has a classic pedigree combining maybe the greatest female producer in the history of the Angus breed in N Bar Emulation EXT and Coleman Donna 386, the matriarch of the Coleman program. The daughters are what you would expect. They are attractive wedge-shaped females with strong udder attachments and perfect teat size. His EPD profile has held strong even though he has more of a historic pedigree. His actual performance ratios from use in 7 herds show 102 ratio for yearling and weaning along with 106 for marbling. His progeny demonstrate extra length and excellent rib and capacity. Dispositions have been very good. We have only had one cow that needed to be culled due to temperament after calving. If you are looking for sure thing calving ease and exceptional daughters with a classic pedigree, you might want to give him a try.

Best Box Cross 291 • Reg# 17438354 We have never used a bull that has had a more positive impact on our herd than Box Cross's sire LAR Alliance 64L. We have used numerous sons over the years and many of our top cows have been 64L daughters. Box Cross's dam was a Pathfinder donor dam that weaned off 9 calves for us with a 105 weaning ratio. She was my favorite cow at the ranch. We sold Box Cross to Ash Coulee Ranch as a yearling. Scott used him on heifers and cows with great success. Many of his sons were sale toppers and Scott says he still has customers asking if they could get more Box Cross sons. We didn't start using Box Cross until we started to see daughters producing for Ash Coulee. Box Cross calves are small at birth, but they still have excellent calf vigor and they catch up to their higher birth contemporaries by weaning. Box Cross will reduce frame without a big decrease in performance. The daughters are fertile and productive. Box Cross daughters are the smallest cows in our herd, with excellent udder structure with strong attachments and small teats. They are fertile and easy cattle to be around.

McCumber Masterplan 555 • Reg# 21504508 Master Plan was our selection out of the 2026 Mc Cumber sale. His grand dam Lassie 935 has always been a favorite of mine; she passes on her gorgeous maternal structure along with excellent feet and udders to her highly productive daughters. We were excited to partner with Dahl Angus Ranch to add this bull to our program. We are planning on getting over 100 progeny this coming spring. We used him clean up on 50 heifers and he demonstrated excellent herd and breeding behavior and stayed in excellent shape. This extremely gentle bull has the look I want. He is long, deep, thick and smooth made with excellent foot structure. We expect him to be easy calving, disposition improver, with positive marbling, but most importantly we expect him to leave us with some excellent cows. He is currently at World West being collected.

REPLACEMENT HEIFER CALF SPECIAL

Save the date!

2/04/27

Stockmen's Livestock (East Barn)
Dickinson, ND - 12 p.m. MST

We're proud to once again offer our bull customers a chance to add value to their heifer calves. The Badlands Angus Replacement Heifer Calf Special is set for Feb. 4, 2027, at Stockmen's Livestock in Dickinson, ND. The sale is open exclusively to replacement heifers influenced by Talkington Angus, Best Angus or Strommen Ranch genetics, giving buyers a place to source calves for their bred heifer development programs.

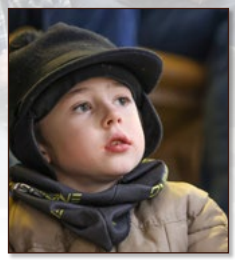

Heifers purchased through the Special automatically qualify for the December 2027 Badlands Angus Alliance Bull & Bred Female Sale when bred back to Strommen, Talkington or Best bulls.

Before marketing your 2026 heifer calves, contact us to learn more about the Special and other marketing opportunities through the Alliance.

Thank You

FOR YOUR CONTINUED SUPPORT!

MARKETING *opportunities*

THROUGH THE BADLANDS ANGUS ALLIANCE

*If you have cattle heavily influenced by **Strommen Ranch, Talkington Angus**, or **Best Angus** genetics and you'd like assistance in marketing them, please contact us!*

In addition to helping our customers capture added value for their bred heifers and replacement heifer calves, we are working to help you capture added value for your entire calf crop.

Contact us about these marketing options:
